

Institute of Public Health Health Data Sciences

Application Check-List

Please submit the following documents (in English) for consideration:

- Application Form.
- Curriculum Vitae (CV).
- Copies of Bachelor's and Master's degree certificates, or comparable university degree certification (copies of other documents proving eligibility for registration of a doctoral thesis). Please include information/certificates showing any relevant coursework.
- Letter of motivation (in English) conveying your scientific interests, academic achievements and professional background (1-2 pages). What roles will your potential supervisors play (include only what has been discussed and agreed upon)? Please briefly state how you plan to support yourself financially during your studies (doctoral fellowship, scholarships, grants, etc.).
- Letter of reference from a university professor or lecturer (in English or German).
- Proof of English language proficiency, if not a native speaker (at least level B2 or equivalent based on the Common European Framework of Reference for Languages).

Please send your complete application as a single PDF attachment (title: Name, HDS Application) by e-mail to HDS-PHD@charite.de before April 30, 2019.

If you have any questions, please email: HDS-PHD@charite.de
